

**Your city has decided to build a statue or monument to honor a famous person in your country . Who would you choose ?
Use specific examples to support your choice.**

If my city of Tehran were going to build a statue in honor of a famous person , a logically my choice ~~would be might be~~ Amir kabir who was ~~the a~~ prime minister of Iran Tehran in (1264-1268) because of so many influential characteristics that he had . He did ~~his the~~ best/utmost for our country during the short time of his presidency.

Firstly , Amir kabir should be honored for his importance to the political ~~to the~~ politics-world . For example , although he is not the one who made us proud for his strong values , he played a significant role in political evolution of Iran . We can see signs of evolution taking place in the world during those days.

Secondly , he should also be honored with a monument to be an orderly and d purposeful manner. For instance ~~t~~, at Ghajar's era , Iran ~~had have had~~ cultural associations with European countries that caused d cultural loss . So he did all the best during this short span such as ; establishing Daralfonon's school , releasing books s and newspaper publication .

To conclude, the city should put up a statue of a heroic man , Amir Kabir , because not only was he proactive , but also pretty quite steadfast. I am personally proud of him .
