

## 94.05.09 workshop FRI session 15 special needs people

Disabled people, people with physical abilities, physically disabled, physically challenged, special needs people, differently abled, handicapped

**Able-bodied people**

They daily face **challenging situations**

**Potentially difficult situations**

**Provision of financial support**

**The cost of special equipment or care they require**

**Offer assistance through a range of measures**

**Tax deductions** for equipment

**Loan assistance for major purchases**

Their education needs must be **taken into account**

**The visually impaired**

**The hearing impaired**

**Access to computers which convert text to voice**

**Tutors skilled in sign language**

The goal, however, should be the **integration** of them **into the regular school system**

**Equal opportunity for work**

They must be able to **contribute to society**

**Establish quotas**

**Financial incentives**

**Tax rebates**

We must **incentivize corporates** to employ, hire, **take on, recruit**

Companies **who** hire them

Conditions may be improved **in a number of ways**

**Through the pursuit of these goals**

Their life can be **fulfilling as well as rewarding**

**Good luck!**
